PROFESSIONAL SUMMARY:

A **proactive** and **innovative** Full Stack Engineer with 8 months of experience. Expertise in Angular, .NET, SQL, and TypeScript. Known for **successfully implementing** new features and approaches that **enhance** project performance and user experience. Skilled at delivering engaging, responsive UIs. Deep Understanding in Ecommerce application development. Very Professional attitude and **sharp listening** ability to understand project goal. Strong Foundation in **Agile (Scrum) methodology**, also followed agile for self-project.

WORK EXPERIENCE:

Softcon Business Solutions - Intern

March 21/24 - May 31/24

1. Jobber Web Application:

Assigned 2 pages, my **role** was to build the **Responsive UI** (compatible for mobile and tab view), create **API's**, write **query** and **bind** the data coming from API.

Also Perform RND and implemented new innovative feature which improved performance by 30% and reduces development time.

Softcon Business Soln. - Trainee Developer

June 01/24 - Nov 30/24

1. Ecommerce based Order management module:

My role as a **Full Stack** Developer involved creating APIs, writing queries, developing the frontend, performing R&D, and implementing strategies to optimize API usage. A key achievement was successfully implementing the RouteReuseStrategy to prevent component destruction when navigating between routes. This not only eliminated unnecessary API calls but also enhanced the overall user experience.

Additionally, I integrated several built-in libraries, streamlining the development process and cutting development time by **30%**. I prioritize writing clean, concise, and readable code with strict type checking using typescript, following standards to ensure quality.

TECHNICAL SKILLS:

User Interface: HTML5, CSS3, Angular Material, Bootstrap, PrimeNG

Frontend/ Framework: JavaScript, TypeScript, Angular

Backend: .NET, Java, SQL (SQL SERVER)

Developer Tool: VS Code, Visual Studio 2019, Jira, SVN, SQL SERVER.

EDUCATION:

BACHELORS IN IT
6.9 C.G.P.A

2021 – 2023
Mumbai University
